

# Consumables for Liquid Handling Instruments

Liquid Handling

## Consumables for CyBio® SELMA

Pipetting tips for CyBio® SELMA are available in packaging units (PU) with pre-racked CyBio® TipTrays and as bulk.

### CyBio® SELMA 96/1000 µl

Pipetting tips for 96-channel pipetting and serial dilution using 8-channel magazine for CyBio® SELMA.

Format	Net Volume	Quality	Trays / PU	Order Number
96 tips per tray	1000 µl	PCR-certified	16	OL5022-25-371
		PCR-certified and pre-sterilized	16	OL5022-25-374
	(1000 µl)	With filter, PCR-certified and pre-sterilized	16	OL5022-25-379

### CyBio® SELMA 96/250 µl

Pipetting tips for 96-channel pipetting and serial dilution using 8-channel magazine for CyBio® SELMA.

Format	Net Volume	Quality	Trays / PU	Order Number
96 Deep Well tips per tray	250 µl	Standard	18	OL3800-25-559-N
		Standard	36	OL3800-26-559-N
		PCR-certified and pre-sterilized	18	OL3800-25-759-P
	(250 µl)	With filter, PCR-certified and pre-sterilized <sup>1)</sup>	18	OL3800-25-959-F
Bulk Deep Well tips	250 µl	Standard	2000 tips	OL3800-25-508-B
96 Shallow Well tips per tray	250 µl	Standard	24	OL3800-25-557-N
		PCR-certified and pre-sterilized	24	OL3800-25-757-P
Bulk Shallow Well tips	250 µl	Standard	2500 tips	OL3800-25-507-B

<sup>1)</sup> Suitable for CyBio® SELMA 96/250 µl from series 2011 and CyBio® Well 30-7021-750-26 only

### CyBio® SELMA 96/60 µl

Pipetting tips for 96-channel pipetting and serial dilution using 8-channel magazine for CyBio® SELMA.

Format	Net Volume	Quality	Trays / PU	Order Number
96 tips per tray	60 µl	Standard	24	OL3800-25-535-N
		PCR-certified and pre-sterilized	24	OL3800-25-735-P
	(18 µl)	With filter, PCR-certified and pre-sterilized	24	OL3800-25-935-F
Bulk tips	60 µl	Standard	8000 tips	OL3800-25-505-B

### CyBio® SELMA 96/25 µl

Pipetting tips for 96-channel pipetting and serial dilution using 8-channel magazine for CyBio® SELMA.

Format	Net Volume	Quality	Trays / PU	Order Number
96 tips per tray	25 µl	Standard	24	OL3800-25-533-N
		PCR-certified and pre-sterilized	24	OL3800-25-733-P
	(13 µl)	With filter, PCR-certified and pre-sterilized	24	OL3800-25-933-F
Bulk tips	25 µl	Standard	8000 tips	OL3800-25-503-B

### CyBio® SELMA 384/60 µl

Pipetting tips for 384-channel pipetting and serial dilution using 16-channel magazine for CyBio® SELMA.

Format	Net Volume	Quality	Trays / PU	Order Number
384 tips per tray	60 µl	Standard	24	OL3800-25-515-N
		Pre-sterilized	24	OL3800-25-615-S
		PCR-certified and pre-sterilized	24	OL3800-25-715-P
	18 µl DW	With filter, PCR-certified and pre-sterilized	24	OL3800-25-915-F
	40 µl	With filter, PCR-certified and pre-sterilized	24	OL3800-25-916-F
Bulk tips	60 µl	Standard	8000 tips	OL3800-25-505-B

## CyBio® SELMA 384/25 µl

Pipetting tips for 384-channel pipetting and serial dilution using 16-channel magazine for CyBio® SELMA.

Format	Net Volume	Quality	Trays / PU	Order Number
384 tips per tray	25 µl	Standard	24	OL3800-25-513-N
		Standard	48	OL3800-26-513-N
		Pre-sterilized	24	OL3800-25-613-S
		PCR-certified and pre-sterilized	24	OL3800-25-713-P
	(13 µl)	With filter, PCR-certified and pre-sterilized	24	OL3800-25-913-F
Bulk tips	25 µl	Standard	8000 tips	OL3800-25-503-B

## Consumables for CyBio® GeneTheatre

### 1- and 8-channel pipette (100 – 1000 µl)

Pipetting tips for single well and column pipetting.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box <sup>1)</sup>	1000 µl	PCR-certified	16	OL3811-25-539-N
		PCR-certified and pre-sterilized	16	OL3811-25-639-S
	(1000 µl)	With filter, PCR-certified and pre-sterilized	16	OL3811-25-939-F

<sup>1)</sup> 1000 µl tips in format 96 are delivered in racks and require TipRack Adapter 96/1000 µl 844-00443-0 for GeneTheatre.

### 1- and 8-channel pipette (5 – 250 µl)

Pipetting tips for single well and column pipetting.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box	250 µl	PCR-certified and pre-sterilized	10	OL3811-25-637-S
	(160 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-937-F

### 1- and 8-channel pipette (0.5 – 25 µl)

Pipetting tips for single well and column pipetting.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box	50 µl	PCR-certified	10	OL3811-25-535-N
		PCR-certified and pre-sterilized	10	OL3811-25-635-S
	(40 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-935-F

## Consumables for CyBio® FeliX

Pipetting tips for CyBio® FeliX are available in packaging units (PU) with pre-racked CyBio® RoboTipTrays or CyBio® TipBoxes.

### SELECT™ Pipetting Head 8/250 µl

Pipetting tips for single well and column pipetting.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box	250 µl	PCR-certified and pre-sterilized	10	OL3811-25-637-S
	(160 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-937-F

## SELECT™ Pipetting Head 8/50 µl

Pipetting tips for single well and column pipetting.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box	50 µl	PCR-certified	10	OL3811-25-535-N
		PCR-certified and pre-sterilized	10	OL3811-25-635-S
	(40 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-935-F
	20 µl	PCR-certified	10	OL3811-25-533-N
		PCR-certified and pre-sterilized	10	OL3811-25-633-S

## CHOICE™ Pipetting Head

Pipetting tips for high volume single well, 12-channel row and 8-channel column pipetting using CHOICE™ adapters.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box <sup>2)</sup>	1000 µl	PCR-certified	16	OL3811-25-539-N
		PCR-certified and pre-sterilized	16	OL3811-25-639-S
	(1000 µl)	With filter, PCR-certified and pre-sterilized	16	OL3811-25-939-F
	250 µl	PCR-certified and pre-sterilized	10	OL3811-25-637-S
	(160 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-937-F

<sup>2)</sup> 1000 µl tips in format 96 are delivered in racks and require tip transfer into re-usable tip rack OL3317-11-140 for CyBio® FeliX.

Pipetting tips for low volume single well, 12-channel row and 8-channel column pipetting using CHOICE™ adapters.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box	50 µl	PCR-certified	10	OL3811-25-535-N
		PCR-certified and pre-sterilized	10	OL3811-25-635-S
	(40 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-935-F

Pipetting tips for low volume single well, 24-channel row and 16-channel column pipetting using CHOICE™ adapters.

Format	Net Volume	Quality	Boxes / PU	Order Number
192 tips per box <sup>3)</sup>	50 µl	Standard for Column (16-channel)	10	OL0008-25-575-N
		Standard for Row (24-channel)	10	OL0008-25-585-N

<sup>3)</sup> The CyBio® TipBox for 384-well format (4.5 mm pitch) is racked with 192 tips for column, row or single channel pipetting.

## CyBio® FeliX Head R 96/1000 µl

Pipetting tips for 96-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
96 tips per tray <sup>4)</sup>	1000 µl	PCR-certified	16	OL3811-25-539-N
		PCR-certified and pre-sterilized	16	OL3811-25-639-S
	(1000 µl)	With filter, PCR-certified and pre-sterilized	16	OL3811-25-939-F

<sup>4)</sup> 1000 µl tips in format 96 are delivered in racks and require tip transfer into re-usable 96-Channel Magazin OL3810-13-024 for CyBio® FeliX-Head R 96/1000 µl.

Pipetting tips for single well, 12-channel row and 8-channel column pipetting using liquid handling adapters.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box <sup>5)</sup>	1000 µl	PCR-certified	16	OL3811-25-539-N
		PCR-certified and pre-sterilized	16	OL3811-25-639-S
	(1000 µl)	With filter, PCR-certified and pre-sterilized	16	OL3811-25-939-F

<sup>5)</sup> 1000 µl tips in format 96 are delivered in racks and require tip transfer into re-usable tip rack OL3317-11-140 for CyBio® FeliX.

### CyBio® FeliX Head R 96/250 µl

Pipetting tips for 96-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
96 tips per tray	250 µl	Standard	48	OL3810-26-661
		Pre-sterilized and PCR-certified	12	OL3810-25-664
		With filter, PCR-certified and pre-sterilized	12	OL3810-25-669

Pipetting tips for single well, 12-channel row and 8-channel column pipetting using liquid handling adapters.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box	250 µl	PCR-certified and pre-sterilized	10	OL3811-25-637-S
	(160 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-937-F
	50 µl	PCR-certified	10	OL3811-25-535-N
	50 µl	PCR-certified and pre-sterilized	10	OL3811-25-635-S
	(40 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-935-F

### CyBio® FeliX Head R 96/60 µl

Pipetting tips for 96-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
96 tips per tray	60 µl	Standard	12	OL3810-25-441
		PCR-certified and pre-sterilized	12	OL3810-25-444
	(18 µl)	With filter, PCR-certified and pre-sterilized	12	OL3810-25-449
	40 µl	Standard	12	OL3810-25-431
		PCR-certified and pre-sterilized	12	OL3810-25-434

Pipetting tips for single well, 12-channel row and 8-channel column pipetting using liquid handling adapters.

Format	Net Volume	Quality	Boxes / PU	Order Number
96 tips per box	50 µl	PCR-certified	10	OL3811-25-535-N
	50 µl	PCR-certified and pre-sterilized	10	OL3811-25-635-S
	(40 µl)	With filter, PCR-certified and pre-sterilized	10	OL3811-25-935-F

### CyBio® FeliX Head R 384/60 µl

Pipetting tips for 384-channel pipetting.

Format	Net Volume	Quality	Trays/ PU	Order Number
384 tips per tray	60 µl	Standard	12	OL3810-25-241
		PCR-certified and pre-sterilized	12	OL3810-25-244
	(18 µl)	With filter, PCR-certified and pre-sterilized	12	OL3810-25-249
	40 µl	Standard	12	OL3810-25-231
		PCR-certified and pre-sterilized	12	OL3810-25-234

Pipetting tips for single well, 24-channel row and 16-channel column pipetting using liquid handling adapters.

Format	Net Volume	Quality	Boxes / PU	Order Number
192 tips per box <sup>6)</sup>	50 µl	Standard for Column (16 channel)	10	OL0008-25-575-N
		Standard for Row (24 channel)	10	OL0008-25-585-N

<sup>6)</sup> The CyBio® TipBox for 384-well format (4.5 mm pitch) is racked with 192 tips for column, row or single channel pipetting.

## Consumables for CyBio® Well vario and CyBio® Well

Pipetting tips are available in packaging units (PU) with pre-racked CyBio® TipTrays.

### 96/250 µl pipetting head

Pipetting tips for 96-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
96 Deep Well tips per tray	250 µl	Standard	18	OL3800-25-559-N
		Standard	36	OL3800-26-559-N
		PCR-certified and pre-sterilized	18	OL3800-25-759-P
96 Shallow Well tips per tray	250 µl	Standard	24	OL3800-25-557-N
		PCR-certified and pre-sterilized	24	OL3800-25-757-P

### 96/60 µl pipetting head

Pipetting tips for 96-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
96 tips per tray	60 µl	Standard	24	OL3800-25-535-N
		PCR-certified and pre-sterilized	24	OL3800-25-735-P
	(18 µl)	With filter, PCR-certified and pre-sterilized	24	OL3800-25-935-F

### 96/25 µl pipetting head

Pipetting tips for 96-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
96 tips per tray	25 µl	Standard	24	OL3800-25-533-N
		PCR-certified and pre-sterilized	24	OL3800-25-733-P
	(13 µl)	With filter, PCR-certified and pre-sterilized	24	OL3800-25-933-F
	10 µl	Standard	24	OL3800-25-532-N
		PCR-certified and pre-sterilized	24	OL3800-25-732-P

### 384/60 µl pipetting head

Pipetting tips for 384-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
384 tips per tray	60 µl	Standard	24	OL3800-25-515-N
		Pre-sterilized	24	OL3800-25-615-S
		PCR-certified and pre-sterilized	24	OL3800-25-715-P
	18 µl DW	With filter, PCR-certified and pre-sterilized	24	OL3800-25-915-F
	40 µl	With filter, PCR-certified and pre-sterilized	24	OL3800-25-916-F

### 384/25 µl pipetting head

Pipetting tips for 384-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
384 tips per tray	25 µl	Standard	24	OL3800-25-513-N
		Standard	48	OL3800-26-513-N
		Pre-sterilized	24	OL3800-25-613-S
		PCR-certified and pre-sterilized	24	OL3800-25-713-P
	(13 µl)	With filter, PCR-certified and pre-sterilized	24	OL3800-25-913-F
	10 µl	Standard	24	OL3800-25-512-N
		PCR-certified and pre-sterilized	24	OL3800-25-712-P

## Consumables for CyBio® Well vario 1536

Pipetting tips are available in packaging units (PU) with pre-racked CyBio® Tip Magazines.

### 1536/8 µl pipetting head

Pipetting tips for 1536-channel pipetting.

Format	Net Volume	Quality	Trays / PU	Order Number
1536 tips per magazine	8 µl	Standard	12	OL5021-25-511
